Welcome Keansburg Adults

Adult School to open April 2012

It brings us great pleasure to announce that the Keansburg School District will be opening their doors in the evenings to facilitate courses for adults, parents, and community members, in its new Adult School. Any adult 16 years of age or older and is a resident of Keansburg may register. Courses will run from April

to May for five weeks and will be meeting once a week for 90 minutes. In addition there will be monthly seminars to assist parents in obtaining the educational skills necessary to become full partners in the educational development of their children. All courses will be held at the Keansburg High School.

Mission:

The mission of the Keansburg adult school is to provide adults within the Keansburg community with lifelong educational opportunities that will allow adults to gain the knowledge and the skills necessary to participate effectively as citizens, workers, parents and family members in society.

This adult education program is designed to afford adults the ability to increase their opportunities for more profitable employment, improve their ability to become more active in their children's educational career and make them able to meet their adult responsibilities as citizens.
