Professional Development Plan

I. Areas Identified for Development of Professional Practice

Areas Identified for Development

Understanding and utilizing online learning platforms for Remote Learners.

Rationale/Sources of Evidence

Due to Remote Learning it is important that I will have a strong understanding of online platforms in order to support those students and families who have decided to attend school virtually.

II. Professional Learning Goals and Activities

Professional Learning Goals

Learn and implement best practices for remote learning, specifically Google Classroom.

Initial Activities

Attend and participant in a yearlong learning cohort on Google Classroom. Plan, practice and utilize Google Classroom in order to enhance Remote Instruction for students.

Follow-up Activities (as appropriate)

Utilize resources and strategies presented in the cohort and implement within my daily practice.
