Parental Notification of Standardized Assessments

September 2017

Dear Parent/Guardian,

The New Jersey Law requires school districts to advise you of certain information about assessments conducted throughout the year. The following are required notifications:

- The subject area of the assessment and grade levels covered by the assessment;
- The date or range of potential dates for the administration of the assessment;
- The time allotted for the student to take and complete the assessment;
- Any accommodations or accessibility options available to students;
- Information on how and when the student and his/her parent or guardian can assess both sample questions and answers to the assessments and the students' results;
- Whether the assessment is required by State or federal government, or both.

If a student is permitted extra time or any other accommodations by their IEP, parent/guardians should contact their Guidance Office for additional details on accommodations and accessibility options.

Please see on the reverse side of this letter the information you will need on all tests and dates to answer the above questions.

If you have any further questions or concerns, please feel free to contact your child's Guidance counselor.

Sincerely Yours,

Dianne S. Clagett
