

Titan Community,

Please review the enclosed chart in reference to COVID-19 related quarantine/self-isolation. This chart is provided by the CDC and New Jersey Department of Health. There are some changes found within which are effective as of October 22, 2020. This document is of particular importance as we head into Fall Break and the Holiday Season. Please note, while there are some changes to student quarantine requirements aside from travel related quarantine, **THERE ARE NO EXCEPTIONS TO STUDENTS FOR THE 14 DAY TRAVEL RELATED QUARANTINE WHEN TRAVELING TO/FROM AN IMPACTED AREA.** If you travel to an impacted area, as defined by the NJDOH, you must quarantine for 14 days upon your return to New Jersey. During that quarantine time, students would be placed on remote instruction so as to continue their education. Families should reach out to their respective schools to set up remote instruction. Please review the list of impacted areas prior to travel, as it is continually changing based on COVID-19 related data collection.

Please know that student, staff, and community health are of top priority to the Keansburg School District. As such, we will be strictly enforcing all CDC and NJDOH guidelines as directed. We are asking that you support us in this endeavor. As always, thank you in advance for your support and cooperation.
