

STAGES OF SOCIALIZATION

Early Childhood through Adolescence

Socialization skills are developed throughout our lives. Our skills continue to be impacted throughout our youth and adolescence as our experiences influence how we see ourselves.

Attendees of this workshop presented by Cynthia Terebush, CPC, CYPFC will:

- > Learn about the stages of socialization from early childhood through adolescence.
- > Understand the difference between primary and secondary socialization (emphasizing voluntary vs. involuntary socialization).
- > Learn about what we develop at each stage of life to understand how important positive experiences are on our sense of self.
- > Consider the impact of how we speak to children and how our guidance of interaction impacts their social development.
- > Discuss today's trends on social media and how the morphing of an understanding of privacy impacts our youth.

Thursday, March 30 | 6 – 8 p.m.

Bayshore Family Success Center | 945 St. Highway 36 | Leonardo, NJ 07737

Please contact 732.497.3811 or familysuccess@cymca.org for more information.
