Critiquing ON the 100 H1 HD 28

I did like these books
all the books connected
and you understand every
page. It is very interesting
what happens you don't
know if they will get
caught or if they will
die and other things. Will
characters have their crazy
plans to prove their parents
wrong. I would not have
enjoyed any of the books
differently because
they all have a
dramatic ending that
motivates you read the
next book and the continue
the series. Also the
teaches you the consequences
of a lie that what
at least learn because

was a felon and that he
made an illegal swap
